

The AWA Young Water Professionals (Vic) invite you to attend  
**2014 Young Water Professionals Regional Conference**  
*Catchment to Coast – A whole of water cycle approach in the Tamar Valley*  
**Launceston Region, Tasmania**  
**Friday, 21 & Saturday, 22 February 2014**

**Come and enjoy two fantastic days of industry speakers,  
 site tours and great networking**

**Numbers are limited  
 Register today!  
 Closes 17/2/2014  
 Or when sold out!**

The Victorian water industry is embarking on significant change to integrated water cycle management and Young Water Professionals are well-placed to shape the future that they want to inherit.

Join us to explore the beautiful Tamar Valley region of northern Tasmania and learn all about their integrated approach to whole of water cycle management.

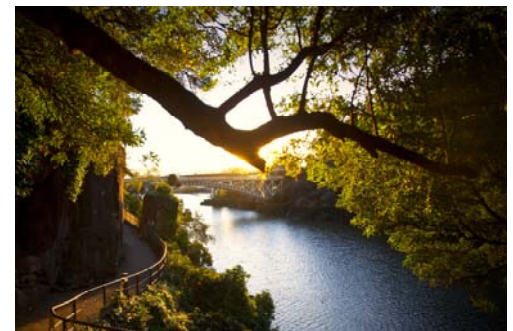

Key topics include: Catchment management, natural resource management, innovation in irrigation, flood management , sewerage strategy and renewable energy generation.
